The Little Theatre of Miniature Ghosts
presents

Lost Morecambe

with

Delightful animations by Helen Newall

Melodious sound by Karen Lauke

The Little Theatre of Miniature Ghosts creates tiny audio-visual installations hosted in trunks and suitcases. Previous work, *Remember Me*, has exhibited in Liverpool, Chester, Lytham St Anne's and Ormskirk. *Lost Morecambe* is a nostalgic look at the heyday of music hall entertainment in seaside towns. Designed for an audience-of-four, the work is an immersive experience using headphones and mini-projectors. A short film depicts the Night-time Illuminations, the Winter Gardens, and some of the Music Hall stars touring the regions over a hundred years ago.
